What is the Digital Network?

South Dakota Digital Ad Network is a cooperative ad network of the state's weekly and daily newspaper websites.

For only \$300 your ad will run for up to 30 days. Both ad sizes - 300x250 and 728x90 - will appear on participating newspaper websites across the state of South Dakota and reach up to 100,000* digital readers!

Each newspaper will run your ads run-of-site. Homepage placement is not guaranteed. *Ads will run share of voice. Limited to three advertisers running at once.

South Dakota NewsMedia Association (SDNA) coordinates all placements on participating newspaper websites. All impressions and click-thru stats are tracked by SDNA and provided at the end of the campaign, upon request.

SDNA can also place statewide digital ads in other states. Several states have networks similar to ours. Contact SDNA for costs, impressions and other information.

Why advertise on South Dakota websites?

South Dakota newspapers are the #1 source for local advertising information, out-pacing all other media including TV and radio, according to a 2021 statewide survey of 446 South Dakota households conducted by Coda Ventures for SDNA.

Requirements:

- Advance payment by cashier's check, money order or credit card.
- Creative should be JPEG/PNG/GIF files <100 KB sent to sandy@sdna.com. SDNA also provides creative services for a fee.
- We do not accept advertising for "Work-At-Home" enterprises or offers requiring readers to send money before seeing complete and detailed information about the advertised product.
- Any ad using a 900 telephone number must include a disclaimer telling readers what the basic, per minute and average telephone charge will be.
- Any ad using an 800 number to refer to a 900 number, must include the disclaimer mentioned above.
- SDNA and individual publishers reserve the right to reject any ad, at any time.
